“We exist to help those in need of care.”
Hurricane Home Care has been committed to improving the lives of seniors and disabled individuals since 2012. We are committed to helping provide families the support they need while enabling our clients to have improved quality of life.

Our in-home care services are about restoring dignity and independence. They’re about allowing us to be the caregivers so family members can be the husbands, wives, sons, or daughters again. We believe this peace of mind is priceless.

We have a diversified knowledgeable staff of professionals that are covered under workers compensation. We are licensed, bonded, and insured.

Hurricane Home Care staff offers a 24/7 support for our clients and families. Our services can be provided hourly or round the clock.

We hire only qualified caregivers who go through rigorous training programs; pass criminal background, fingerprint and drug screening; and are licensed and bonded.

Our Team

Blow Away The Competition
COMPANION CARE
Our caregivers are trained professionals, but they also enjoy playing cards and board games, helping put together a photo album, reading, writing letters, or just visiting.

PERSONAL CARE
While respecting our clients’ privacy, our caregivers provide assistance with bathing, toileting, dressing, transferring, personal hygiene, continence, ambulating, exercise, and medication management.

RESPITE CARE
Caring for a loved one is one of the most meaningful things we can do in a lifetime, but it can be hard to balance all the demands of work, family, and self. Our caregivers look after your loved one while you take care of other things, including yourself.

MEAL PREPARATION
Our caretakers help with all aspects of meal preparation, from planning and preparation of meals to assistance with feeding and clean-up.

LIGHT HOUSEKEEPING
Our caregivers can help keep your loved one’s home in order by vacuuming, dusting, changing linens, doing laundry, and keeping kitchens and bathrooms cleaned and sanitized.
Our Pledge to You

“We exist to help those in need of care.”

Our Ultimate goal is to provide the highest quality of care at a fair price. We are dedicated to our clients complete satisfaction.
Why Us?

In 2015, Hurricane Home Care was nationally ranked #1 in Quality of Care.

“Phenomenal Service and Expertise!!”
- Dan, New Jersey

“My Mom could not be happier with her caregiver. Thank you Hurricane Home Care!”
- Valerie, Pennsylvania

“They took care of my Mom, Dad, Uncle, and Aunt. I hope they are still around when its my turn.”
- Tim, New York

“Hurricane Home Care goes above and beyond care. They are part of our family now.”
- Vikki, Connecticut

“You can rest easy that with the Hurricane Team, your loved one is in incredible hands.”
- Olivia, New Jersey

Blow Away the Competition
FALL PREVENTION PROGRAM

PROBLEM
• Over one-third of adults 65+ fall each year
• 20-30% of falls cause moderate to severe injuries
• In 2005, nearly 1.8 Million people 65+ were treated in ER’s for nonfatal injuries from falls
• At least one-third of all falls involve environmental hazards in the home
• Two-thirds of those who fell, will fall again within 6 months

Hurricane Marketing Enterprises recognizes the importance of fall prevention and has developed training, oversight, and procedures to help reduce the chances of injury.

By taking these steps, the chance for falls is greatly reduced and keeps our older adults safe.

SOLUTION

Step 1- Needs Assessment & Home Inspection
Hurricane Marketing Enterprises does a complimentary personalized need assessment and home inspection to ensure safety and reduced risk of repeat fall.

Home Inspection includes:
✦ Hygiene- Transfer Benches, Chairs, Hand Held Shower Head all need to be accessed.
✦ Grab Bars- Properly installed in high risk area
✦ Transfers- Are we properly prepared?
✦ Toileting- Procedures & Proximities
✦ Entrances & Pathways- Getting In/Out, Reducing tripping hazards

Step 2- Care Giver Training
Hurricane Marketing Enterprises does a complimentary personalized need assessment and home inspection to ensure safety and reduced risk of repeat fall.

Step 3-RN Supervision/Monitor Progress*
Once home, a formalized RN Plan of Care is developed and monitored via supervisory visits. This helps track compliance and progress via documentation to ensure we are providing the best services as promised.
